

## Proper Sorting Makes a Difference!

*The most efficient sorting starts with you. We thank you for all of your efforts.*

### SOME PLASTICS AREN'T RECYCLABLE

The following plastic items are not currently recyclable:

film plastic, plastic bags, shrink wrap, bubble wrap, plastic clamshells/takeout containers, plastic utensils, plastic cup lids & straws, foam/styrofoam, & plastic delivery mailers. Place these items in your **gray garbage** container.

### A WORD ABOUT CARDBOARD

Unlike the items mentioned above, cardboard can currently be recycled. All clean, dry cardboard should be placed in the **blue recycling**

container (**yellow lid** side/container, if applicable). To create more room in the recycling container and help prevent litter, flatten all cardboard and paper boxes and cut larger pieces to 3' x 3' or smaller.

For a comprehensive list of what belongs in each collection container, visit our website at **[milpitassanitation.com](http://milpitassanitation.com)** or scan the QR code.

# Universal & Hazardous Waste Disposal

*How Does my Business  
Properly Dispose of  
Hazardous Waste?*

Toxic materials are banned from landfill disposal.

Some small business owners in Santa Clara County may qualify for the Very Small Quantity Generator (VSQG) Program.

To see if your business qualifies for the VSQG Program, visit: [HHW.org](http://HHW.org) and look for the Business/VSQG section or call: 408-299-7300.

Visit the HHW website by scanning the QR code.
